SUMMARY

Full Stack Developer at Fleexstudio (UI/UX & Web Design Agency) with **5 years of experience** building fast, responsive WordPress and Elementor websites for international clients — dental clinics, pest control, land services and more. Alongside web development, I build **AI automation workflows (n8n)** that save clients hours of manual work. Specialist in Figma-to-website builds, custom Elementor widgets and performance-focused delivery.

SKILLS

WordPress, Elementor & Elementor Pro, Custom Elementor Widget Development, AI Automation (n8n), PHP, JavaScript, HTML5, CSS3, Figma to Website, Responsive Web Design, WordPress Speed Optimization, Git/GitHub, Vercel

EXPERIENCE

AI Automation Expert — Fleexstudio, Kushtia

UI/UX & Web Design Agency • 2021 — Present

- Design and build AI-powered automation workflows (n8n) for agency and client processes.
- Turn Figma designs into responsive, pixel-perfect WordPress & Elementor websites for clients worldwide.
- Develop custom Elementor widgets and theme features when projects need more than the defaults.
- Improve site speed, usability and SEO structure across client projects.

Full Stack Web Developer — Project-Based Work

Freelance & personal projects

- Designing and building complete websites and web interfaces with HTML, CSS, JavaScript and PHP.
- Deploying and maintaining projects with GitHub and Vercel.

SELECTED PROJECTS

- **Tribeca Dental** (tribeca.madrosemedia.com) — Dental clinic website, New York practice.
- **Evans Exterminator** (evansexterminator.com) — Pest control company website, California.
- **Corbin Land Management** (corbinlanddev.wpenginepowered.com) — Land services website, South Carolina.
- **FleexStudio Hub** (templates.fleexstudiohub.com) — WordPress template library for local service businesses.
- **Appure** (appure.vercel.app) — Crypto app landing page with multiple demo versions.

EDUCATION

Bheramara Government College, Bheramara, Kushtia

Bachelor's Degree, Mathematics • 2024 — 2028 (in progress)
